

AMERICAN CHARCOAL GRILL A1

THE UNIQUE CHARM OF AMERICAN CHARCOAL GRILL

- 1.American style, large flame display, strong barbecue scene and atmosphere.
- 2.Heavy-duty design, material thickness reinforced for prolonged high-temperature use, ensuring durability.
- 3.Adjustable charcoal grill and height-adjustable grill rack provide unlimited convenience for chefs to adjust heat and achieve precise cooking for various dishes.
- 4.Can hang and cook dishes of different shapes to enhance visual effects of cooking.
- 5.High-temperature resistant, food-grade insulation materials, embodying classic and classical charcoal grill products.
- 6.Entire machine made of high-standard 304 stainless steel, ensuring all parts in contact with food are safe.
- 7.Lower cabinet for storing fruitwood and fruitwood charcoal, convenient for adding during equipment use.
- 8.High-strength, wear-resistant stainless steel wire and wheel components provide smooth operation, with top-mounted wheels for easy handling.
- 9.Integrated lockable fireplace door handle for easy ash removal and maintenance after use.
