

Apuro CU602-A Bistro Large Ribbed Contact Grill

Product Description

Combining tough stainless steel construction alongside immensely durable cast iron cooking plates, the Apuro bistro contact grill is a highly versatile cooking solution for restaurants, pubs, events and mobile catering.

Designed for everyday professional use, the grill combines powerful cooking elements and ribbed plates, allowing you to cook delicious dishes with the grill-lines that customers crave. And thanks to the ribbed design, fat and grease is channelled away from the food to leave it healthier and more appetising. Once service is over, the grill is simple to clean down. Supplied with a handy grill scraper.
