

Apuro Heat Lamps - DY462-A

Product Description

With its pale gold colour finish and stylish design, the Apuro retractable heat shade is a great solution for front of house hot holding. Whether it's used as part of a breakfast buffet service or pass, the heat shade ensures food is presented perfectly whilst keeping it at the ideal service temperature. The retractable height system ensures you can balance the light and heat intensity hitting the food. Requires professional installation. Compatible with the Apuro 250W heat lamp (DE164 - sold separately)
