

Apuro Heat Lamps - DY463-A

Product Description

Stylish and reliable, the Apuro conical retractable heat shade is the ideal solution for hot holding dishes at your front of house or pass. Finished in an eye-catching copper colour, the heat shade can easily be height adjusted to sit perfectly above food, helping to keep it warm under its gentle heat bulbs. When not in use, the light can easily be switched off to save energy. Easy to use, clean and maintain. Compatible with the Apuro 250W heat lamp (DE164 - sold separately).

Please note: requires professional installation.
