## Over-sink Boiling Water

Boiling water when you need it for kitchens large or small.

BOILING

**High quality & low maintenance** – Australian designed and manufactured from 444 grade stainless steel with built in safety over temperature cut out and a polished stainless steel outer case. Comprehensive 12 month warranty.

**Twin-Tank technology** – utilises the steam generated from boiling water to pre heat the incoming cold water, improving recovery and reducing energy consumption.

**Suits your needs** – all models feature durable polished stainless steel case and an optional timer is available.

### TempoTronic non timed units

# Birko Domestic & Commercial Urns

## Safe and reliable portable urns

A size to suit any need. Polished stainless steel body with vented cool-to-touch, twist-to-lock lid.

BOILING

**High quality & low maintenance** – double walled polished stainless steel body with vented, stainless steel twist-to-lock lid. High quality composite thermoplastic base and handles for added strength and longevity.

**Concealed element** – quick recovery, superior corrosion resistance and effortless cleaning, the element is replaceable on the 10, 20 and 30L models.

**Temperature control** – thermostat has variable settings, for greater temperature control.

**Safety** – over temperature protection device turns off the power if the urn boils dry.

**Standard inclusions** – heating and ready indicator lights, on/off switch, water level sight glass, heat-resistant knobs, easy-lift safety handles and chrome plated brass non-drip tap, 12 month warranty.

# Zip HydroChill

## Pure tasting filtered water on demand to keep up with busy venues

Zip HydroChill provides premium high quality and high capacity filtered water on tap.

CHILLED

SPARKLING

AMBIENT

**Sparkling on-tap** – HydroChill is the only high capacity system delivering chilled, sparkling water.

**High capacity** – Choose from 90, 120 or 200 litre per hour options, to satisfy even the most extreme demands.

**Greener choice** – Reduce your ecological footprint. Encourage bottle refilling and cut down on plastic waste ending up in landfill and remove the need for single use plastic bottled water.
