

Epoxy Wire Shelving Unit - 4 Tier - Antimicrobial

CATERLINK
COMMERCIAL KITCHENS AND BARS

Caterlink shelving features a true powder-epoxy over zinc-chromate electroplating that ensures a strong durable bright silver coloured finish as well as in-built antimicrobial properties to inhibit bacterial growth. See available sizes and configurations available.

1. Maximum load per shelving 250kg.
2. Fully height adjustable shelves.
3. Easy to assemble - no tools required.
4. Zinc plating and Epoxy finish.
5. Multi-purpose wire shelving. Can be used in both dry and wet environments.
6. Wire shelves provide good airflow - no moisture build-up.
7. Antimicrobial protection
8. Easy-clean design.
