

Drawer Warmers

BUILT TO BE THE BEST

ULTRA-GLO

THE HOT PERFORMERS

Hatco Drawer Warmers are built to excel in a tough kitchen environment. There is a model to fit your operation perfectly, from freestanding to built-in, standard to narrow widths.

The Brains

Each drawer has its own recessed thermostat control, temperature monitor, and illuminated power switch. You control the humidity with the adjustable sliding vents.

The Brawn

They're made of rugged stainless steel, heavier than our competition. The drawers return smoothly, with a positive close due to the 12-gauge stainless steel slides, heavy-duty hardware, and maintenance free nylon rollers. The tough, solid, chrome handles are angled to avoid glances from passing carts.

The Versatility

Our standard width drawer warmers accommodate half-size and third-size food pans. Options include *Designer* color drawer fronts, oversized drawer frame and pan, biscuit pan drawer, chip guard, and ITC electronic control.

PERFORMANCE. DURABILITY. DEPENDABILITY.
HATCO DRAWER WARMERS. PUT THE BEST TO WORK FOR YOU.

FREESTANDING MODELS

Model HDW-1
with standard 4" (102 mm) legs

Model HDW-2
with optional 6" (152 mm) stainless steel legs

SPLIT DRAWER MODEL

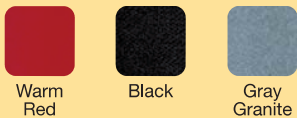

Expand holding capacities with more pans of food in the same space as a single standard drawer model using Hatco's Split Drawer Warmer. Ideal for casseroles, pot pies, rolls, nacho chips, potatoes, vegetables, poultry, meat, and desserts in 2 1/2" (64 mm) deep food pans that lift straight out.

Model HDW-1R2
with standard 4" (102 mm) legs

Drawer Warmer Options & Accessories

Choose a *Designer* color to enhance your drawer front.

Printed colors are a representation and may not exactly match our *Designer* colors.

The **Hatco**® Difference

Hatco Drawer Warmers are available in 1-, 2-, and 3-drawer freestanding or built-in models. A 4-drawer freestanding model is also available in standard width only. Freestanding models are shipped with a 6' (1829 mm) cord set. Built-in units are shipped with a 4' (1219 mm) flexible conduit.

- 1 Each individual drawer includes:
 - A. Recessed controls – protected from accidental damage.
 - B. Illuminated power switch.
 - C. Drum thermometer – accurately displays drawer temperature.
 - D. Thermostat – for precise and repeatable temperature settings.
 - E. Complete insulation wrap – energy efficient, isolated temperatures per drawer.
 - F. Adjustable vents – allow individual humidity control.
- 2 Metal sheathed heating elements and 12-gauge stainless steel drawer slides feature a two-year warranty.
- 3 Adjustable stainless steel legs, casters, and food holding pans are available as optional equipment.
- 4 All models, except narrow, hold standard size pans up to 6" (152 mm) deep (will lift straight out in standard models).
- 5 Positive-closing drawers feature nylon rollers, 12-gauge stainless steel slides, and removable drawer frame for ease of cleaning.
- 6 Spillage pan and splash baffle for additional humidity.
- 7 Long-lasting durability is assured by rugged stainless steel construction inside and out, plus heavy-duty chrome handles.

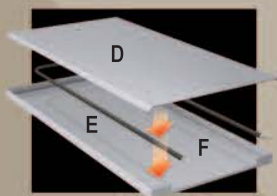

ITC Electronic Control

Biscuit Pan Drawer

ADDITIONAL HUMIDITY

- A. Stainless Steel Food Pan
- B. Splash Baffle
- C. Water/Spillage Pan (add 1/4" of water)

PREVENTS CHIPS FROM REACHING THE ELEMENT

- D. Heat Shield
- E. Heating Element
- F. Chip Guard
