

MERRYCHEF®

Accessories

Expand your menu

Discover our range of unique cooking **accessories**, including our new, simple to use panini press, designed specifically for your Merrychef high speed oven.

Expanding Your Opportunities

MERRYCHEF®

Our unique range of accessories for the Merrychef high speed oven have been designed for you to get greater flexibility out of your oven. The accessories can help you expand your menu by allowing you to cook a wider variety of meals. Placing food on liners and trays will help keep the ovens clear from food and grease, significantly reducing cleaning time.

All Merrychef accessories are certified food safe and approved for use in our ovens. They are either made from 100% PTFE or have been specifically coated in a material that reduces or eliminates oven arcing which may occur with unapproved metal accessories.

Our range of brightly coloured cooking trays not only look great, but also allow you to have specific colours for certain foods, i.e. green for vegetarian meals. Made from 100% PTFE, they are easy to wipe clean in-between programmes and are dishwasher compatible.

As the Merrychef range of ovens have different cavity sizes, we have some accessories that are specific to each oven. However, the NEW Signature range will suit most of our ovens and provide you with the broadest range of applications. They are highly durable, long-lasting and dishwasher compatible.

Carefully storing and regularly cleaning your accessories will significantly improve their useful life.

Merrychef oven cleaning and protecting accessories

To keep your Merrychef oven in top condition and ensure it works efficiently around the clock, it is essential to follow a daily cleaning routine.

A consistently clean oven lays the foundation for optimal performance, reduces downtime and maintenance costs, and extends the life of your oven.

Merrychef offers a wide range of cleaning tools, with supporting guides and instructional videos available at merrychef.com.

New - Merrychef oven cavity liner

Revolutionising cleaning for a Merrychef conneX 12 oven.

The liner covers the walls and door of the oven cavity, capturing food debris and grease. This leaves just two surfaces to clean, resulting in significant savings on cleaning chemicals and labour time.

▷ **Cavity liner**
H120 x W644.6 x D455 mm
Part no: **PSY183**

Cleaning tablets

Dilute – shake – **SAVE**
1 box contains 20 individually wrapped tablets and a trigger head 24oz bottle
20 tablets = 10 x 750 ml cleaner bottles – significantly reducing plastic bottle consumption, costs of transport and storage.

▷ **Cleaning tablets**
Part no: **32Z4222**

Cleaning kit

Part no: **SR152**

Starter kit for customers looking to find everything in one place to clean their oven.

Contains x1 oven cleaner, x1 oven protector, Red scraper, Red brush, steam pipe cleaner, Microfibre brush for cleaning the gasket, sponges and microfibre cloths.

Cleaning tools for your Merrychef oven

▷ **Red brush (hard bristles)**
Part no: **32Z4189**

▷ **Scraper**
Part no: **32Z4191**

▷ **Pipe cleaner**
Part no: **32Z4188**

▷ **Microfibre brush**
Part no: **32Z4225**

▷ **Oven cleaner**
6 x 750ml (1box)
Part no: **32Z4024**

▷ **Oven protector**
6 x 750ml (1box)
Part no: **32Z4025**

Our specially formulated cleaner is non-abrasive and if used regularly, will quickly cut through any grease or food debris built up on your Merrychef oven.

After cleaning we recommend you thinly coat your oven with the Merrychef oven protector to provide a barrier against further build-up of grease and make regular cleaning quicker and easier.

ALL Merrychef accessories are:

- ✔ Made from compatible materials for high speed ovens, either 100% PTFE or specifically coated in a material that reduces or eliminates oven arcing which may occur with unapproved metal accessories.
- ✔ Easy to wipe clean in-between programmes and dishwasher safe.
- ✔ Durable and long lasting.

Do's and Don'ts:

- ✔ **Do** use approved Merrychef accessories in your oven which have all been safety tested.
- ✔ **Do** Cook food on an accessory or oven liner and not directly on the cook plate to avoid the build-up of grease and food in your oven.
- ✔ **Do** wipe clean the accessories after every use to avoid any cross contamination, using coloured trays for specific foods, where available.
- ✘ **Don't** use unapproved accessories with your Merrychef oven, they may cause damage and **will invalidate your warranty**, particularly if they are uncoated metal.
- ✘ **Don't** use the cool pans that are provided with Merrychef ovens to cook with. They have been designed to hold ice to speed up the cooling down process prior to cleaning your oven.
