

Medium Duty Food slicer - NS220.
NS250 & NS300 look the same, but larger.

Full blade edge ring-guard for complete protection even while cleaning

Precise slice thickness adjustment knob, graduated in millimetres

Built in sharpening head with on all models

Rear blade deflection cover for consistent product positioning and cleaner operation. Style varies between models.

Tough clear Plexiglass guard with lip to protect fingers and contamination from sneezing

Spiked meat grip for firm control of food product

Sturdy base for medium duty slicers

All purchases of Noaw food slicers from 1 July 2010 will come with an additional 1-year full warranty, making a total of two years full warranty, covering parts and labour. To activate the second year warranty, simply complete the Warranty Activation Card, which is shipped with each unit and post back to us.

Alternatively visit the ["Online Warranty Registration"](#) page to activate your extended warranty.

Description:

Three medium-duty, manual gravity-feed slicers are available featuring a compact one-piece anodized aluminium body and built in sharpening head and blade ring-guard. The slicer disassembles quickly without the need of tools for easy cleaning.

This series is designed for smaller shops, deli's, cafes and restaurants with shorter runs and will slice a variety of product with ease and offer many years dependable service.
