RICE COLLECTION

“Profit in business comes from repeat customers, customers that boast about your project or service, and that bring friends with them.”

W. EDWARDS DEMING

“There is only one boss. The customer. And he can fire everybody in the company from the chairman on down, simply by spending his money somewhere else.”

SAM WALTON

“There are no secrets to success. It is the result of preparation, hard work, and learning from failure.”

COLIN POWELL

“Sometimes when you innovate, you make mistakes. It is best to admit them quickly, and get on with improving your other innovations.”

STEVE JOBS

“Sales are contingent upon the attitude of the salesman – not the attitude of the prospect.”

W. CLEMENT STONE

“The man who will use his skill and constructive imagination to see how much he can give for a dollar, instead of how little he can give for a dollar, is bound to succeed.”

HENRY FORD

“People are definitely a company’s greatest asset. It doesn’t make any difference whether the product is cars or cosmetics. A company is only as good as the people it keeps.”

MARY KAY ASH

“A satisfied customer is the best business strategy of all.”

MICHAEL LEBOEUF

Warehousing and logistics

All stock is stored in our Sydney warehouse, and using our well established network of courier companies, we are able to offer overnight deliveries to Canberra, Melbourne and Brisbane, and 2 day delivery times to Adelaide.

Using the catalogue

We have divided the catalogue into 7 sections, each one with its own colour coded pages, to make it easy to find a product. Products may differ slightly from the pictures in the catalogue. Outputs and capacities given are generally the maximum possible, and these can vary depending on operating circumstances.

Dimensions

All dimensions are listed in order of width, depth and height. While every effort is made to ensure that dimensions are accurate, errors can occur, or suppliers could change their specifications. For products where fabrication is required, we suggest you contact our office to confirm dimensions, or request the CAD drawing which is now available for most products.

New extended gold star warranty ★

With support from some of our suppliers, we have been able to give our new GOLD STAR extended warranty on selected items in our range. This warranty is a 2 year parts, one year labour warranty, and has not affected the price of the products we have applied it to.

Blender jugs are a consumable item and are not covered by the warranty on the motor. The manufacturer recommends replacing the jugs every 12 months. However this is a guide only and depends on usage, number of jugs in the system and washing methods. Continuing to use jugs once the bearings are worn can result in damage to the motor which will void the warranty.
